## TRUTH TRIUMPHS

Norway Citizens Testify for the Public Benefit.

A truthful statement of a Norway citizen, given in his own words, should convince the most skeptical of the merits of Doan's Kidney Pills. If you suffer from backache, nervousness, sleeplessness, urinary disorders or any form of kidney ills, use a tested kidney medicine, Pills.

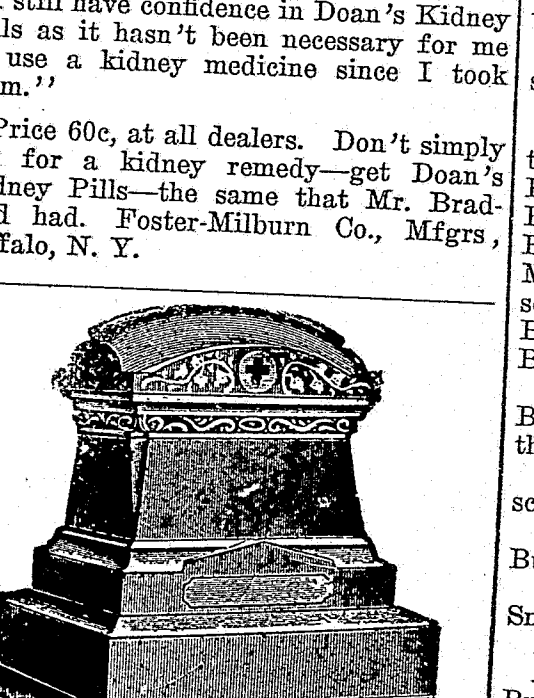

A Norway citizen tells of Doan's Kidney Pills.

Could you demand more convincing proof of merit?

C. E. Bradford, prop. of laundry, Main street, Norway, says: "For some time I had a dull pain through the small of my back, together with a tired feeling. I couldn't rest well. When a friend advised me to take Doan's Kidney Pills, I got a supply at F. P. Stone's Drug Store. Other symptoms disappeared and there was a great improvement in every way. I have had no kidney trouble since." (Statement given April 30, 1912).

On June 6, 1916 Mr. Bradford added: "I still have confidence in Doan's Kidney Pills as it hasn't been necessary for me to use a kidney medicine since I took them."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Bradford had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

## Attention—Farmers

This is a splendid chance for farmers to take stock on their harvesting and haying machines, or any others they will use during the year. Look each one over and note carefully any part that may need replacement. A little later you will be pressed for time and then a thorough examination will be almost impossible.

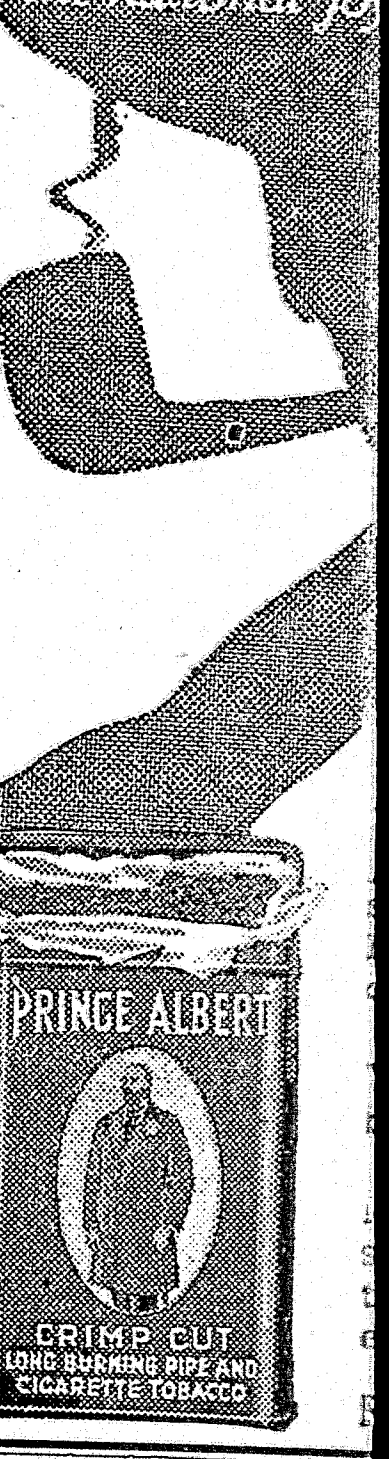

The repair problem can be much simplified by this method. While we have always tried to meet promptly every call of this kind, realizing how valuable your time is, having this advance information will aid us very much in making our service complete.

A list of your possible requirements will enable us to check up our stock of repairs to see that not a single part you might need is missing.

We want to cut to a minimum the time between the need of a repair part and its supply. This you can help us do by giving us this list before or during Repair and Inspection Week, March 3-8.

**FIVE THOUSAND BOOKS WANTED**  
The State Librarian, Henry E. Dunbar has received the following telegram from the War Library director asking us to provide five thousand (5000) volumes by July 1st, for the soldiers who are yet in France.

"By July 1st the A. L. A. must ship additional three quarters million books overseas of which five hundred thousand must come by gift. As the Army depends on us, our reputation will stand or slacken in flow of gift of books presents genuine crisis. Will you undertake at once to raise five thousand books in Maine. Fresh fiction chief need." Wire reply collect."

Such books as those by Ralph Connor, Zane Grey, Kipling, O'Henry, Stewart Edward White, Jack London, Oppenheim, Joseph Lincoln are most called for, so far as possible we ought to be guided by these authors in making our selection.

I am very sure that the people of Maine will unite in making good my answer to the above telegram. I wired that, "Maine has never failed in answering every demand made upon her in connection with the war. We will furnish the five thousand books."

Of course, you will realize, as I do, that this is a most difficult undertaking and if we succeed it will call for the cooperation of every person in Maine. If a single one fails to enter upon this work with enthusiasm, we must certainly meet with defeat.

Individuals will please send their books to the nearest Public Library. Every Librarian has received definite instructions about shipping the books. If you do not know where a "Public Library" is located, please send your books, addressed State Library, Augusta, Maine, and marked "for soldiers."

## Sick or well

To feel well keep your liver active and avoid irregular habits which lead to constipation or intestinal indigestion. Don't overload your stomach with indigestible food, rich pastry, candy and sweets which do you no good and may bring on biliousness or dyspepsia, leaving the traces in your face or complexion. Get all the outdoor exercise you can, get your share of sleep, and you will feel well and look well all the time.

But if your complexion is sallow, or pimply, if your eyes are dull or yellowish, from biliousness, try the above suggestions, also try a small dose of "L. F." Atwood's Medicine after eating, and you will soon notice the difference in your looks and feelings. Safe and reliable. Small dose. Large bottle, 50 cents at your dealer's. "L. F." ## People Constipated and Don't Know It!

It seems odd, but it is true, that you may be constipated and not know it.

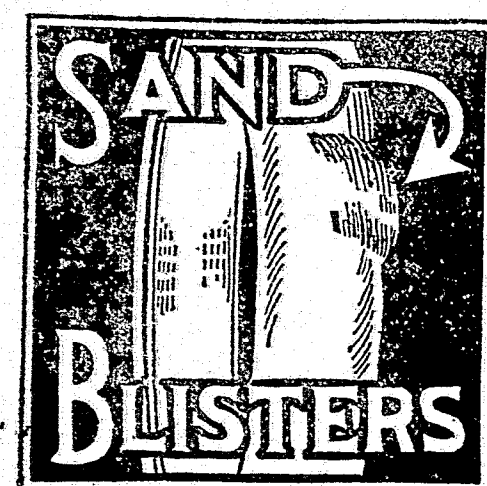

You can see why it is. Take a glass and pour in water until full. If you keep on pouring in water after the glass is full, it will run over, but the glass stays full.

Just so with your bowels; they get full of waste matter, and then they pass off or expel from the body only about the same amount that goes into it in the form of food.

So you may have a movement of the bowels every day and yet there will remain waste matter that ought to be removed.

Give your bowels a gentle but thorough cleaning out and you'll feel great.

A fine prescription for this is put up and sold under the name of Dr. True's Elixir. Doctors and druggists use it in their own families. Costs but little and brings health to men, women and children. Sweet and pleasant tasting. Works gently. Children like it. Remember the name, Dr. True's Elixir.

## NORWAY AND VICINITY

Death of George A. Gunn. George A. Gunn, died at his home, 42 Locust street, Danvers, Mass., shortly before 10 o'clock Tuesday evening, April 15th, after an illness of several weeks' duration.

About three years ago, Mr. Gunn retired from active business and devoted himself to the enjoyment of a well earned rest after years of active participation in the shoe business.

His wife survives.

Funeral services were held from his late home, Friday at 3 p. m. Mr. Gunn was born in Searsport, in 1841, and was one of several children. When a young man he located in Danvers and went to work making shoes, being then employed at a factory in Putnamville which at that time was considered quite a shop. He learned the business thoroughly, and after working in several places was called upon to take charge of the large shoe factory of B. P. Spinnery & Co., in Norway stopping here about 10 years.

He left here nearly 20 years ago, going back to Danvers, where he built a modern residence on Locust street.

The Salem, Mass., evening News, says: A life of ease did not appeal to such an active man, and after a few months he again entered the shoe business and for the past 20 years had been general superintendent of the A. G. Walton Co. shoe factory at Chelsea, the biggest manufacturer of boys' shoes in the world. Mr. Gunn is responsible for the mill system of shoe making, and his direction the factory grew from a comparatively small concern to its present greatness.

He was not only an expert shoe maker, but he had almost an uncanny gift in his appraisal of shoe making machinery. He not only made valuable improvements to several machines, but makers of high grade machinery asked as a favor to have their new machines tried out under the eye of Mr. Gunn, so that he might suggest changes to be made with the view of better work being done. He was known personally by the shoe manufacturers in all this section throughout the United States.

Mrs. Minnie Wiley has returned home after spending several weeks in Haverhill.

Marjorie Buswell is spending a vacation at home. She has been at Putnam, Ct. during the past winter where she has a fine position in a hospital.

Mrs. Eben Shackley returns to her home in Norway this week, after being away about eight weeks in Westport and Bath.

Mr. and Mrs. F. Q. Elliott, who have been wintering at Orlando, Florida, have gone to Jacksonville for a few days and will start on their return trip the last of the month.

A bunch of volunteers put in the base for the monument in Ward 8 park Patriotic's Day. The large granite corner markers were sunk nearly three feet, the packed with cement. Cobblestones and cement were piled on top and extends six inches above the surface of the ground. The lot will be graded above this level.

Mrs. A. E. K. Grover passed Saturday and Sunday with Mr. and Mrs. J. B. Barnett and family at South Paris.

Donald B. Partridge was one of the Patriotic's Day speakers at Mechanic Falls when the citizens celebrated in honor of their returned soldiers.

Mrs. Z. L. Merchant spent the week end at Portland with headquarters at Congress Square Hotel.

Jobs are scarce and not enough to supply the demand. Several families from surrounding towns are waiting to move here whenever accommodations can be found. If permanent help is scarce, this fact must be one reason for the shortage.

Ninety tickets were sold from the Norway station to Portland Saturday for the special train. Portland Saturday for the special train. Portland Saturday for the special train.

The opening game on the fair grounds Patriotic's Day when Norway High School defeated South Paris High with a score of 9 to 6, was largely attended. The holiday may account for the extra tickets sold, but everything shows that baseball is coming into its own again locally, after a general slump during the past three years, and larger crowds may be expected this summer. The school team has excellent sport material and the coach, Del Rich, will probably work up speed and pep for a winner.

Among those from away who were in town Thursday to attend the funeral of Benjamin Tucker were Mr. and Mrs. Arthur Tucker, Fannie and Holman Tucker of Farmington; Alton Tucker of Norridgewood; Ruth Stiles from Bates College. Several from South and East Watford, Bolster's Mills and Oxford who had been associated with Mr. Tucker in business interests, were present. The bearers were from the Masonic order and included Stephen B. Cummings, Henry B. Foster, Charles F. Riddell and George F. Hathaway.

Mr. and Mrs. James Walker and family entertained Robert Edwards of West Bethel over the week end. A family gathering Sunday included as guests, Mr. and Mrs. Horace Edwards of South Paris and Mr. and Mrs. Myron Faragard and daughter of Norway.

A cement road connecting the villages of Norway and South Paris is a plan being seriously agitated. It is said the town can secure state aid in proportion to the amount they will vote to raise. This method would lay no great financial burden upon the tax payers, but a permanent road would extend from Upper Main Street in Norway to Market Square, South Paris, and more closely unite the two towns.

Mr. and Mrs. John Gibson and son, Ralph, of Oxford station, spent Sunday with Alfred and Katherine Ramsdell.

Mr. and Mrs. Thomas Cobby of Auburn were in town over the holiday with Mr. and Mrs. George Currier. Mr. Cobby returned to Auburn Monday morning and Mrs. Cobby remained for a longer visit.

The shoe factory wood pile which occupied the greater part of Witherell Park during the winter, is being removed before the grass starts.

A rare combination of events took place Sunday afternoon at the Baptist church. An Easter concert was given followed by a baptism and a wedding.

The annual banquet and roll call of Mt. Hope Rebekah Lodge, held April 16, was largely attended by the local members and representatives from other towns.

One hundred and thirty-one members responded to their names at the roll call. The entertainment included a piano duet by Ruth Akers and Frances Bartlett; vocal solo by Gladys Green; quartet singing, Mr. and Mrs. Arthur Morgan, Elton Brown and Grace Arthur Morgan; and a piano and a pantomime by Mrs. Laura Brown

Financially Speaking  
The War is Still On

Some Facts and figures that have a bearing on the Victory Loan

America's debt at beginning of World War.....\$ 968,000,000  
By July 1, 1917.....2,712,000,000  
By July 1, 1918.....11,985,000,000  
By Feb. 1, 1919.....23,250,000,000  
By June 20, 1919 (estimated).....33,000,000,000

Deducting \$8,841,657,000 thus far loaned to the Allies, we may expect a net final debt of \$25,000,000,000.

Peacetime interest charge per capita was 23 cents. It is now about \$8.50.

War expenses from July 1, 1918 to Feb. 1, 1919 were approximately \$12,500,000,000, the estimated total for the fiscal year ending June 30, 1919, being \$19,750,000,000.

Consider the following review of regular appropriations for the army and navy.

	Army	Navy
1900.....	\$ 80,430,204	\$ 48,099,969
1905.....	77,070,300	97,505,140
1910.....	101,195,883	136,985,199
1915.....	101,019,212	144,868,716
1916.....	101,974,195	149,661,864
1917.....	267,596,530	313,300,555
1918.....	273,046,322	517,273,802
1919.....	824,708,521 (asked)	1,238,282,968

## There Is Real Pride in The Ownership of An ESSEX

A Light Weight Economical Car that in Looks, Performance and Endurance Meets the Demand for the Best.

Owners of some light weight cars manifest little pride in them.

Their lack of attractive appearance, the limits of their performance and the quickness with which they become noisy and lose their newness have been accepted as inevitable in cars that are low priced.

But the Essex has awakened a new note of motor car appreciation.

Hundreds of thousands have seen and ridden in it. They are so enthusiastic over the high priced car quality of its finish and riding ease that they are telling all their friends.

Mention Essex to any motorist and you open a subject that will reveal how the Essex became the most talked of car of the year.

But better than listening to others praise, come see for yourself.

We will give you a ride that you will be glad to have had.

### OLD AGE STARTS WITH YOUR KIDNEYS

Science says that old age begins with weakened kidneys and digestive organs. This being true, it is easy to believe that by keeping the kidneys and digestive organs cleansed and in proper working order old age can be deferred and life prolonged far beyond that enjoyed by the average person.

For over 200 years GOLD MEDAL Haarlem Oil has been relieving the weaknesses and disability due to advancing years. It is a standard old-fashioned remedy and needs no introduction. GOLD MEDAL Haarlem Oil is included in odorless, tasteless capsules containing about 5 drops each. Take them as you would a pill with a small swallow of water. The oil stimulates the kidney action and enables the organs to throw off the poisons which cause premature old age. New life and strength increase as you continue the treatment. When completely restored continue taking a capsule or two each day. GOLD MEDAL Haarlem Oil Capsules will keep you in health and vigor and prevent a return of the disease. Do not wait until old age or disease have settled down for good. Go to your druggist and get a box of GOLD MEDAL Haarlem Oil Capsules. Money refunded if they do not help you. Three capsules should be taken for the first trial. Remember to ask for the original imported GOLD MEDAL brand in sealed packages.
